known for its clear narrative voice impeccable scholarship and affordability alan brinkley s the unfinished nation offers a concise but comprehensive examination of american history balancing social and cultural history with traditional political and diplomatic themes it tells the story of the diversity and complexity of the united states and the forces that have enabled it to survive and flourish despite division this fifth edition features eight new essays and enhanced coverage of recent events and developments in the continuing american story

known for its clear narrative voice impeccable scholarship and affordability alan brinkley s the unfinished nation offers a concise but comprehensive examination of american history balancing social and cultural history with traditional political and diplomatic themes it tells the story of the diversity and

complexity of the united states and the forces that have enabled it to survive and flourish despite division volume 2 covers 1865 to the present this fifth edition features six new essays and enhanced coverage of recent events and developments in the continuing american story

perhaps never before has the writing of american history seemed so much an arena of diverse claims and discord scholars explore areas of the past that once seemed hidden from view newly assertive groups in the american population draw attention to their own distinctive pasts the story of america sometimes seems to be many different stories with nothing to tie them together in the unfinished nation alan brinkley provides a clear and intelligent account of the american past that strikes a balance between the new diversity in scholarship and the narrative unity that any general history must have he makes clear that one can incorporate the rich and varied experiences of america s many cultures into a coherent and compelling story and at the same time retain a sense of what ties americans together as members of a perpetually troubled but remarkably successful nation beginning with the discovery by europeans of a new world that was already the home of millions of people and highly developed civilizations the unfinished nation chronicles the growth of new societies in america and the survival and transformation of old ones it traces the development of political ideas and political institutions in the american colonies and later in the american nation it examines the emergence of a society divided into distinct regional cultures each with a highly developed system of class relations gender roles and racial norms it explores the great crisis of american nationalism in the mid nineteenth century and the emergence of a more consolidated nation out of the civil war and reconstruction and it describes the dazzling changes that industrialization and the rise to worldpower have brought in the twentieth century and the host of social and cultural transformations that have come with them the unfinished nation offers anyone interested in american history a picture of how new scholarship has changed our understanding of our past it also shows how despite these important changes the story of america remains just that a story made newly complicated perhaps but no less remarkable and compelling for those complications

publisher description

known for its clear narrative voice and impeccable scholarship alan brinkley s best selling survey text invites students to think critically about the many forces that continually create the unfinished nation that is the united states in a concise but wide ranging narrative brinkley shows the diversity and complexity of the nation and our understanding of its history one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past this sixth edition features a new series of patterns of popular culture essays as well as expanded coverage of pre columbian america new america in the world essays and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the american story

andrew jackson spoke to americans in ways that reflected the concerns of a young nation grover cleveland helped citizens redefine themselves after the havoc of the civil war era fdr confronted

widespread hardship with hope and determination while eisenhower spoke to our fears of the communist menace throughout our history presidents by their very utterances have shaped our sense of who we are as americans as mary stuckey observes presidents embrace articulate and reinvigorate our sense of national identity they define who americans are often by declaring who they aren't in this book she shows how presidential speech has served to broaden the american political community over the past two centuries while at the same time excluding others ranging broadly from andrew jackson to bill clinton and george w bush stuckey demonstrates how presidents accomplish the dual enactment of inclusion and exclusion through their rhetorical and political choices our early leaders were preoccupied with balancing the growing nation later presidents were concerned with the nature and definitions of citizenship by examining the political speeches of presidents exemplifying distinctly different circumstances she presents a series of snapshots which when taken together reveal both the continuity and the changes in our national self understanding ambitious and sweeping stuckey's work documents the tactics that have naturalized and legitimated inclusion and exclusion tracing the progress of groups such as women and african americans from political invisibility to partial visibility and eventual inclusion she also shows how the terms of inclusion have varied with changing political winds helping us understand how depictions of the powerless by the powerful reflect and influence the status of various groups stuckey's analysis shows how presidents use language rooted in their times and circumstances to frame and influence contemporary definitions of citizenship a provocative book that documents the changes in our understanding of who is and who isn't one of us defining americans reveals that all presidents draw upon the same set of national ideals values and events but not all use those ideas in precisely the same ways

before hillary there was rosalynn rosalynn carter the most politically active first lady since eleanor roosevelt was sometimes called the second most powerful person in the united states even when her husband jimmy carter's approval ratings sank to record lows she still tied with mother teresa as the most admired woman in the world in this first biography of rosalynn carter since 1980 and first book length account since her own 1984 memoir scott kaufman depicts a hard working first lady whose energetic style sparked an administration that seemed to have lost its way and who accomplished far more than she received credit for he particularly examines how this activist first lady became a lightning rod for controversy when she took on roles that some considered inappropriate not only her husband's sounding board and adviser mrs carter at times seemed to serve as a virtual copresident sitting in on cabinet meetings testifying before congress and traveling abroad as the president's personal representative to discuss substantive issues with foreign officials kaufman challenges outdated stereotypes about the first lady dubbed a steel magnolia showing readers a talented purposeful woman who pursued an ambitious agenda as the president's equal partner meticulously researched and balanced his account provides the fullest account to date of her efforts on behalf of the mentally ill and of her diplomatic trips to latin america and asia it also addresses the irony that despite the strides she made in advancing her office beyond that of mere hostess rosalynn carter had a difficult relationship with feminists who believed that she failed to take their interests to heart drawing upon recently released documents from the carter library as well as on interviews with president and mrs carter and the latter's white house aides kaufman's insightful narrative illuminates both the carter years and the changing

roles of women in the late twentieth century while objectively critiquing Rosalynn Carter's part in a presidency that fell short of its promise. It portrays a dynamic and influential individual who undeniably helped mold the institution of first lady into its modern form.

This is likewise one of the factors by obtaining the soft documents of this **Alan Brinkley The Unfinished Nation** by online. You might not require more grow old to spend to go to the book opening as skillfully as search for them. In some cases, you likewise reach not discover the statement **Alan Brinkley The Unfinished Nation** that you are looking for. It will unconditionally squander the time. However below, similar to you visit this web page, it will be hence unconditionally easy to acquire as skillfully as download guide **Alan Brinkley The Unfinished Nation**. It will not undertake many mature as we accustom before. You can realize it while statute something else at home and even in your workplace. for that reason easy! So, are you question? Just exercise just what we find the money for below as competently as review **Alan Brinkley The Unfinished Nation** what you when to read!

1. What is a Alan Brinkley The Unfinished Nation PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.
