drop 2 chord forms have been used by guitarists in all musical genres for years the concept refers to 4 way closed voicings in root
position or any inversion dropping the second note from the top by 1 octave hence the term drop 2 in practice a nifty guitar
harmonic symmetry occurs as drop 2 chords are invariably played on any four successive strings muting or avoiding the remaining 2
strings this collection will open up a new world of harmonic possibilities for the beginning to intermediate guitarists and will shore
up the basics and provide added harmonic visualization for the advanced player chapter on comping the chord soloing applications
are also included written in notation and tablature
