what is art the contributors to theories of art today address the assertion that the term art no longer holds meaning they explore a variety of issues including aesthetic and institutional theories of art feminist perspectives on the philosophy of art the question of whether art is a cluster concept and the relevance of tribal art to philosophical aesthetics contributors to this book include such distinguished

philosophers and historians as arthur danto joseph margolis and george dickie

this unique and extraordinarily rich collection of writings offers a thematic approach to understanding the various theories of art that illumined the direction of nineteenth century artists as diverse as tommaso minardi and georges seurat it is significant that during the nineteenth century most artists felt compelled to found their artistic practice on a consciously established premise

the companion provides an accessible critical survey of western visual art theory from sources in classical medieval and renaissance thought through to contemporary writings

includes selections from major writers on various approaches to art theory for example freud jung marx heidegger

in today s art world many strange even shocking things qualify as art in this book cynthia freeland explains why innovation and controversy are valued in the arts weaving together philosophy and art theory with many fascinating examples she discusses blood beauty culture money museums sex and politics clarifying contemporary and historical accounts of the nature function and interpretation of the arts freeland also propels us into the future by surveying state of the art web sites along with cutting edge research on the brain s role in perceiving art this clear provocative book engages with the big debates surrounding our responses to art and should prove an invaluable introduction to anyone interested in thinking about art

this is an analytical survey of the thought about painting and sculpture as it unfolded from the early eighteenth to the mid nineteenth centuries this was the period during which theories of the visual arts particularly of painting and sculpture underwent a radical transformation as a result of which the intellectual foundations of our modern views on the arts were formed because this transformation can only be understood when seen in a broad context of cultural aesthetic and philosophical developments of the period moshe barasch surveys the opinions of the artists and also treats in some detail the doctrines of philosophers poets and critics barasch thus traces for the reader the entire

development of modernism in art and art theory

this book the first in moshe barasch s series on art theory offers a comprehensive analysis and reassessment of major trends in european art theory and its development from the time of plato to the early eighteenth century barasch expertly guides the reader from the interwoven attitudes and traditions of antiquity through the writings of st thomas aquinas and the aesthetic values of the middle ages to the branching out of several disciplines art history art criticism abstract aesthetics in the late renaissance clearly outlining the development of art theory and exploring the central issues of each historical period theories of art is a valuable resource for the art historian as well as a stimulating introduction for the general reader

this is an analytical survey of the thought about painting and sculpture as it unfolded from the early eighteenth to the mid nineteenth centuries this was the period during which theories of the visual arts particularly of painting and sculpture underwent a radical transformation as a result of which the intellectual foundations of our modern views on the arts were formed because this transformation can only be understood when seen in a broad context of cultural aesthetic and philosophical developments of the period moshe barasch surveys the opinions of the artists and also treats in some detail the doctrines of philosophers poets and critics barasch thus traces for the reader the entire development of modernism in art and art theory

this book offers a critical examination of influential social theories of art that points to the poverty of much contemporary art theory including that of the new art history and its deconstructionist critics and the important but underacknowledged ethical implications of theorizing heywood writes clearly and illuminatingly about the problematic relationship between the seminar and the studio theory and practice his findings will be of interest and relevance to students of sociology art history fine art philosophy and cultural studies

this treatise on aesthetics begins by showing that the word art is used as a name not only for art proper but also for certain things which are art falsely so called these are craft or skill magic and amusement each of which by confusion with art

proper generates a false aesthetic theory in the course of attacking these theories the author criticizes various psychological theories of art offers a new theory of magic and reinterprets plato s so called attack on art showing that it has been entirely misunderstood finally he draws important inferences concerning the position of art in human society

this book is an accessible introduction to the critical theories used in analysing art it covers a broad range of approaches presenting individual arguments controversies and divergent perspectives this edition has been updated to reflect recent scholarship in contemporary art and has been broken down into smaller sections for greater accessibility the book begins with a revised discussion of the difference between method and theory the following chapters apply the varying approaches to works of art some of them new to this edition the book ends with a new conclusion that focuses on the way the study of art is informed by theory

in this volume the third in his classic series of texts surveying the history of art theory moshe barasch traces the hidden patterns and interlocking themes in the study of art from impressionism to abstract art barasch details the immense social changes in the creation presentation and reception of art which have set the history of art theory on a vertiginous new course the decreased relevance of workshops and art schools the replacement of the treatise by the critical review and the interrelation of new modes of scientific inquiry with artistic theory and praxis the consequent changes in the ways in which critics as well as artists conceptualized paintings and sculptures were radical marked by an obsession with intense immediate sensory experiences psychological reflection on the effects of art and a magnetic pull to the exotic and alien making for the most exciting and fertile period in the history of art criticism

a survey of the field of art intended to introduce the beginner to the complex questions that stem from the simple idea of art painters theorists and philosophers are all included to show how the idea of art has developed over the last 5 000 years

if an artist sends a live peacock to an exhibition is it art what is art is a question many of us want answered but are too afraid to ask it is the very question that

nigel warburton demystifies in this brilliant and accessible little book with the help of varied illustrations and photographs from cézanne and francis bacon to andy warhol and damien hirst best selling author warburton brings a philosopher s eye to art in a refreshing jargon free style with customary clarity he explains art theories that are much discussed but little understood by thinkers such as clive bell r g collingwood and wittgenstein he illuminates other perplexing problems in art such as the artist s intention representation and emotion drawing on photographs of cindy sherman and tiananmen square warburton shows that if we are ever to answer the art question we must consider each work of art on its own terms a stimulating and handy guide through the art maze the art question is essential reading for anyone interested in art philosophy or those who simply like looking at and thinking about pictures

collection of provocative essays that introduce students to the best and most recent criticism of post modern art 1960 1990

includes selections from major writers on various approaches to art theory for example freud jung marx heidegger
