mutual perceptions and images in japanese german relations 1860 2010
examines the mutual images formed between japan and germany from the mid
nineteenth to twenty first centuries and the influence of these images

on the development of bilateral relations unlike earlier research on japanese german relations which focused on the similarity of these countries historical trajectories this publication presents a more nuanced picture it relativizes perceptions of a special spiritual relationship between japan and germany as well as their commonalities of national character through an exploration of previously untapped historical visual and textual sources with essays by sixteen leading scholars in the field this collection is an invaluable contribution to the historiography of modern japan and germany and to the field of international relations contributors are hans joachim bieber fukuoka mariko hakoishi hiroshi iwasa takurō katō yōko kawakita atsuko gerhard krebs kudō akira heinrich menkhaus danny orbach peter pantzer sven saaler satō takumi volker stanzel suzuki naoko tajima nobuo tano daisuke and rolf harald wippich

women and men in cinema are imaginary constructs created by filmmakers and their audiences the film psychoanalytic approach reveals how movies subliminally influence unconscious reception on the other hand the movie is embedded in a cultural tradition jean cocteau s film *la belle et la bete* 1946 takes up the classic motif of the animal groom from the story of cupid and psyche in apuleius the golden ass originally a tale about the stunning momentum of genuine female desire liberates it from its baroque educational moral a girl s virtue and prudence will help her to overcome her sexual fears and turns it into a boyhood story inside the ugly rascal there is a good but relatively boring prince at least in comparison to the monsters of film history in the seventy years since it was made *la belle et la bete* has inspired numerous interpretations and has been employed by theorists of all genres and interests

a pioneering work in the field of art history the image of the black in western art is a comprehensive series of ten books which offers a lavishly illustrated history of the representations of people of african descent from antiquity to the present each book includes a series of essays by some of the most distinguished names in art history ranging from images of pharaohs created by unknown hands almost 3 500 years ago to the works of the great masters of european and american art such as bosch dürer mantegna rembrandt rubens watteau hogarth copley and goya to stunning new media creations by contemporary black artists these books are generously illustrated with beautiful moving and often little known images of black people black figures queens and slaves saints and soldiers priests and prisoners dancers and athletes children and gods are central to the visual imagination of western civilization written in accessible language the extensive and insightful commentaries on the illustrations by distinguished art historians make this series invaluable for the general reader and the specialist alike résumé de l
