Then Shall That Wicked Be Revealed Daniel in the Preterists' Den Christology of the Old T. and Commentary on the Messianic Predictions The Future Is in the Stars Christology of the Old Testament, and a Commentary on the Messianic Predictions A comparison of prophetic scripture [in the Bible] with special reference to the antichrist The 8 Great Debates of Bible Prophecy *Robert Anderson Sir Robert Anderson Robert Anderson Sir Robert Anderson Sir Robert Anderson Robert Anderson Robert Anderson Robert Anderson Robert Anderson Sir Robert Anderson Robert Anderson, Sir Robert Anderson Sir Robert Anderson Sir Robert Anderson Henry Gagne Thomas A. he was one of the most popular lay preachers and christian apologists of his day sir robert anderson devoutly believed that the bible was the inerrant word of god and in this popular 1881 book a companion to his daniel in the critics den he mounts a defense of the prophetic old testament book of daniel an early example of apocalyptic philosophy in christianity students of the bible will appreciate this historically valuable attempt to set straight the many controversies surrounding daniel regarding its authorship and even the date of its writing and anyone interested in the apocalyptic fervor of modern day fundamentalist christianity will find this an instructive and enlightening read while at scotland yard irish police official and religious scholar sir robert anderson 1841 1918 helped investigate the jack the ripper murders but he is best remembered for his works of bible study including forgotten truths and the silence of god

sir robert anderson was an assistant commissioner of the london metropolitan police as well as a theologian and writer anderson s best

known works include the coming prince and the silence of god

at the time when jack the ripper terrorized london sir robert anderson worked as chief of the criminal investigation department of scotland yard he was knighted upon retirement in 1901 but his greatest accomplishment was writing perhaps the most influential book on messianic prophecy in history anderson expounds upon the famous 70 weeks prophecy of daniel 9 conclusively demonstrating the supernatural source of the bible by it s fulfilled prediction of the exact time in history when the messiah was to appear

one of the most exhaustive works ever written on daniel s seventieth week and the coming antichrist featuring a complete chronology also available in spanish

anyone who wants to study bible prophecies seriously must read this book sir robert anderson s interpretation of the daniel s seventy weeks is a powerful witness to jesus as the promised messiah and his imminent return this book has been useful to christians for more than a century and it will be useful to xxi century bible students as well

to living men no time can be so solemn as the living present whatever its characteristics and that solemnity is immensely deepened in an age of progress unparalleled in the history of the world but the question arises whether these days of ours are momentous beyond comparison by reason of their being in the strictest sense the last is the world s history about to close the sands of its destiny are they almost run out and is the crash of all things near at hand earnest thinkers will not allow the wild utterances of alarmists or the vagaries of prophecy mongers to divert them from an inquiry at once so solemn and so reasonable it is only the infidel who doubts that there is a

destined limit to the course of this present evil world that god will one day put forth his power to ensure the triumph of the good is in some sense a matter of course the mystery of revelation is not that he will do this but that he delays to do it judged by the public facts around us he is an indifferent spectator of the unequal struggle between good and evil upon earth

the book of revelation is unlike any other book in scripture filled with symbols and apocalyptic language it has become a magnet for some and confusion for others while still others ignore it altogether there are many today who believe and hold that the book of revelation is not about the future but rather the past fulfilled with the destruction of the jewish temple and city of jerusalem in 70 a d by the roman armies while many others hold that the book of revelation is prophetic and was written for a future time beyond the judgment that fell on the jewish nation in 70 a d and continues to be debated today between these two christian camps the preterists and futurists it is vital that the people of god are given the truth about prophetic scripture today it is a fact that false teachers are everywhere in the body of christ and have all but snuffed out the light of christ s prophetic truth we of the body of christ cannot continue to sit on the sidelines and remain silent we must as good soldiers in christ arise and go forth in battle to defeat our lord s enemies wherever they may be found as soldiers of christ we do this with the weapons at our disposal that god gave us the sword of christ the sword of truth the holy scriptures many times the question has arisen what difference does it make our response is a proper view of eschatology a study of end of the age times is important because god has revealed his truth to us and it is our responsibility to be diligent students in understanding that truth disregarding or minimizing any part of it is poor stewardship it is never acceptable to say i could be wrong but i remain comfortable on my views and don t want to bother with other views it is a fact today that someone has to be wrong and is teaching error and it

certainly is not the holy spirit teaching those errors of scripture in the body of christ therefore if one view is correct the others are wrong the failure to study this issue and others forces us to hold one position or another that is one s doctrines as a matter of tradition rather than the inspired doctrine of scripture while a lot of people go to church very few actually know the bible and take jesus christ our lord seriously secular christianity has been watered down especially in the area of god s word and its meaning resulting in great division and confusion concerning many passages seen throughout scripture the new testament authors did write about prophecy but a good percentage of their prophetic messages dealt with the immediate fate and future of national israel thus when they wrote prophetically they wrote primarily about israel s last days i e end of oc age while writing prophecy about the early church s end of the age to come for them as we read in hebrews so christ was once offered to bear the sins of many and unto them that look for him shall he appear a second time without sin unto salvation heb 9 28 the last days are different from the end times the last days refer to the last days age of old covenant israel as the body of christ was being brought in during that 40 year transition period it was to be the last days for national israel but not for the new covenant church its age had just begun because of god s grace and the blood of jesus christ our lord brought about for the salvation of mankind in our day there have come many scoffers both inside and outside of the church saying that the return of christ is many many years away and others doubt or even deny his coming at all at present to most in the world they do not appear to be threatened by the return of christ despite the world s present condition in its moral standing with god despite the war in afghanistan and iraq as well as the israeli palestinian conflict despite north korea and iran s nuclear stance a world economy in a near total collapse many in the secular media procla

in recent years there has been rise in popularity and visibility of the debate about the last things preterists and futurists have published books articles and even movies promoting their respective views this debate has elevated the interest of the christian public in eschatological issues along with the increased interest in eschatology there has been a rise in popularity of the preterist view which holds that most or all of the prophecies about christ's coming have already been fulfilled—that the "second coming" took place in 70 ad most of the discussion from those who espouse the preterist view however revolves around certain passages in the new testament and their treatment of old testament passages is sporadic and selective the importance of the book of daniel in these discussions cannot be overstated however most commentaries on daniel from a futurist perspective have not dealt with the preterists' interpretations of the key prophetic passages there simply is no detailed commentary on the book of daniel that addresses the preterist interpretations of this important book this book is a commentary on the entire book of daniel from a futurist perspective that specifically addresses the preterist interpretations of the key prophetic passages this is not a book that selects passages out of the context of the book and attempts to explain their prophetic significance rather this is a commentary on the entire book of daniel that places these critical prophetic passages in their literary and historical context and then deals with the various interpretations of these passages as they fit into the context of the book as a whole

the origin and study of astronomy is as old as mankind the names of constellations and stars and their meaning are older than mankind god gave adam the responsibility of naming the animals but god named the stars and constellations and gave them each a meaning god instructed the first humans in these meanings these meanings have been preserved and transmitted from antiquity to the present for us to

you've heard about the tribulation millennium rapture and antichrist but you may wonder what's all the debating about do most christians agree on the big issues and what about other topics dispensationalism interpretive views timing of events are they too complex for most folks to understand not at all in this concise and easy to read review respected bible teacher ron rhodes identifies eight of the most important end times discussions avoiding complex arguments he highlights the most important biblical passages summarizes a few of the most popular interpretations and provides succinct conclusions he demonstrates that the bible's end times teaching is intended to be a blessing for every believer as you compare and contrast the various viewpoints you'll be able to enjoy constructive conversations with other christians and support your own informed convictions you'll also enrich your reading of the scriptures and see how passages fit together in god's great plan for the ages
